team will play its only game of the week Saturday evening at 8:15 o'clock when the University of Pittsburgh cagers will be met on the Pitt stadium floor.

The Panthers recently attained wide recognition by freezing the ball for 18 minutes during the first half of their game with Penn State, the half ending 5-0 and the game being eventually lost by the Panthers 34-21, in protest of the zonestyle of play by the Lions. Dr. H. C. Carlson, Pitt coach, is not expected to resort to that strategy against the Bullets who use the man-for-man style. On Wednesday Penn State scored a 58-51 victory at Pitt.

Pittsburgh, although having lost seven games, is expected to give the Bullets a stiff struggle.

Coach "Hen" Bream's Bullets now sport a record of six wins against five defeats with some of its strongest opposition to be met. Next Wednesday Muhlenberg will

be played here with the freshmen meeting Stevens Trade in the preliminary game. On February 4 the Bullet teams play a twin bill with Franklin and Marshall at Lan-

Warriors Play At **Delone This Evening**

This evening the Gettysburg high basketball team will clash with Delone Catholic at Mc-Sherrystown in the return game of the annual two-game series.

The Warriors won a 49-41 decision over the Squires here on December 20 in a game which was marred by the high number of personal fouls called. Delone has shown marked improvement recently and has a winning streak of three straight.

The junior varsity teams will meet in the preliminary game.

HARRIS BRINGS QUARTET WITH

New York, Jan. 27 (AP) - Bucky the school boys with 11. Harris is either an exceptionally The junior class quintet and varbrave man or a glutton for punish- sity jayvees battled to a 22-22 dead-

Some would regard being dropped Faculty as manager of the cellarite Senators a reprieve. Yet the popular Harris is coming back for his third term as Washington pilot. Harris professes to know absolute-

ly nothing about the last placers he inherited from Joey Kuhel. Perhaps that is just as well. Anyway, Bucky brought long a quartet of players with him from the Pacific coast league, where he spent a contented season guiding the San Diego club to a First Division finish.

The Senators paid \$60,000 for the quartet, half of it going to the Hollywood club for Irv Noren, a slickfielding, hard-hitting outfielder.

Three Other Rookies He played in 180 games last year | Score by quarters:

and his .330 batting mark proved a Faculty powerful factor in the Stars' drive Va to the Pacific Coast league pennan and playoff championship.

The other \$30,000 went for three draft choices. They are George Genovese, a New York lad who played shortstop for Hollywood Mickey Grasso, drafted from Seattle after being up briefly as a catche with the New York Giants; and Steve Nagy, a southpaw pitcher who had a short stay with Pittsburgh Nagy was drafted from San Fran

Harris deems Grasso the best all around catcher who operated on the coast last year. Mickey hits a long ball despite his insignificant .251 ba mark. Genovese didn't hit too well for the Stars; but was a fine fielder. His mark was 250, Nagy won 15 and lost 14 for the Seals.

There are a half-dozen other pitchers coming up with the Senators for the first time or getting another crack at the majors. The most promising, off his record, is Conrado Marrero. The Cuban righthander won 25 for Havana last year and wound up with a marvelous 1.53 earned run average.

Up From Hagerstown

After him there is Sandalio Consuegra, another Cuban; Jim Pierce, a 6-6 rookie with a 10-10 record at Charlotte: Howard Sutherland, a home town Washington boy who won 18 at Charlotte; and Bill Dozier, who divided 14 decisions with the same club.

Among the outfield prospects reporting at Orlando, Fla., will be Harold Keller, Charlie's younger brother, who divided his time between catching and playing outfield for Hagerstown, Md. last year. Another is Roberto Ortiz, who power when he re-joined the Senathe club in 1946 to play in the Mexi-

Jayvees 2 0 14 6—22 Juniors 7 11 2 Legalized Gambling

Assailed By PIAA Harrisburg, Jan. 27 (A) - The Pennsylvania Interscholastic Athletic association today warned its 1.059 member schools that their athletes would be "horses on the track" under legalized gambling.

"Legalized gambling would never stop at certain professional sportsno matter what provisions would be regulated for its control," said the PIAA in its monthly publication, "The Pa'Athlete."

"And should it be made legal for tors late last season. Oritz jumped anytime—eventually the estimated quarter million boys and girls in the Pennsylvania Scholastic Athletic programs would be the horses on the track' for somebody's immoral gain or another person's vituperative loss," the editorial continued.

Announcing – 1950's First and Foremost Fine Cars

ON DISPLAY TODAY

NOTHING could be finer—inside or out—than the beautiful new 1950 Lincoln and the magnificent new 1950 Lincoln Cosmopolitan on display starting tomorrow in our showrooms.

Outwardly, their superb new body styling stamps them as being the most distinctive fine cars in America.

Inwardly, their rich new upholsteries and appointments make them the most luxurious, too, For their brilliantly fashioned new "Salon Styled" interiors are definitely the most beautiful in the world.

And on the road, their new range of performance is unquestionably in a class by itself. In the thick of traffic, or on the wide open highway, they are a sheer joy to drive...instantly alert...powerfully responsive. Just a few minutes behind the wheel will convince you that nothing could be finer in action than the great high compression Lincoln "INVINCIBLE 8" engine combined with HYDRA-MATIC ... with freedom forever from gear shift and clutch pedal!

And nothing, you will also discover, could be easier than Lincoln's new velvet-touch steering...or more comfortable than its new weather control system...or more restful than its new Fiberglas soundproofing ...or more relaxing than the wonderfully soft Lincoln springing.

If you haven't yet made an appointment with us, by all means do so now. Once you drive the new 1950 Lincoln or new 1950 Lincoln Cosmopolitan, you, too, will be certain that nothing could be finer. And we promise you'll be pleasantly surprised about the prices. *Optional at extra cost

NOW ON DISPLAY!

THE NEW LOW-COST TWO-PLOW "VAC" CASE TRACTOR

Tractors equipped with a new 3-point hitch and hydraulic implement control have been put on display. With this new "Eagle Hitch," a plow or any one of a variety of rear-mounted "latchon" implements can be hitched or unhitched in a minute or so, with no need for the driver to get off the tractor seat.

The new hydraulic control is "practically fool-proof," since it is not subject to air locks and is entirely independent of clutch and power take-off. Mounted on the engine, the selfpriming pump operates whenever the engine is running. Implements may be raised and lowered regardless of whether the tractor is traveling or standing, in gear or out. The hydraulic fluid supply is never a problem, because the unit uses

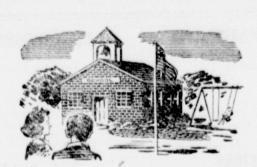

New Oxford R. D. 2

ordinary motor oil. A single control lever near the driver's right hand raises and lowers any "latch-on" implement. The design of the "Eagle Hitch" itself keeps the implement working at uniform depth in spite of rough ground or thard or soft spots in the field. A short movement of the control lever will change implement settings to meet unusual field conditions without stopping or slowing the tractor. A handy turnbuckle sets plow depth for normal operation.

The low-cost two-plow "VAC" Case tractors now carry the new hitch and hydraulic control as regular equipment. We also will have plows and other "latch-on" implements of types used in this area.

AMERICAN BANKING IN ACTION

PREPARATION FOR LIVING

The United States has more students in secondary schools than all the rest of the world put together. Today, more and more parents are saving regularly in order to give their children the benefits of higher education. Many others borrow to pay tuition costs. The American banking system through its deposit facilities, its loans for educational purposes and its cooperation with schools and colleges, is helping our country to raise its educational standards to a still higher level.

Your Contribution to the March of Dimes Insures a Continuation of Prompt and Adequate Aid Whenever and Wherever Polio Strikes

FACTS YOU SHOULD KNOW

The majority of polio victims are children under ten, and only one-fifth of all reported cases are 15 years of age or older.

Polio epidemics seem to follow a four-to-six-year cycle but there is still no way to predict them accurately. Community preparedness is the best insurance.

Infantile paralysis is one of the most expensive diseases known to medical science. A respirator case may require 24-hour nursing care and cost as much as \$10,000 a year. The average cost of a polio case today is estimated at \$2,000.

About one-half of those stricken by infantile paralysis recover without crippling; 25 to 30 per cent suffer minor disabilities; 20 to 25 per cent show marked residual parlysis; while five to 10 per cent die.

Dimes and dollars contributed to the annual March of Dimes are divided equally between the National Foundation and its chapters. Chapters retain half the money raised to provide care and treatment for infantile paralysis patients. The other half goes to national head-quarters to finance a nation-wide program of research, education and emergency epidemic aid.

Your local community stands ready to serve if polio strikes in this community.

Adequate medical care in the case of infantile paralysis is estimated as beyond the financial resources of nine out of every ten American families. Through the March of Dimes, however, the American people guarantee that no one suffering from this disease need go without the best available care for lack of funds.

To carry on its war against the disease, the National Foundation authorizes an appropriation for research and education. This program includes the training of professional personnel whose skills are required in the fight against infantile paralysis.

The National Foundation is supported solely by the annual March of Dimes held each January.

To Fight

INFANTILE **PARALYSIS**

GIVE THAT OTHERS MAY WALK!

The "March of Dimes" campaign is your opportunity to make the future bright for thousands of young Americans. Helping them will give you new faith in yourself, and faith in a land where boys and girls, busy with skates, homework and movies, are unafraid of tomorrow and the day after. As always, half the money collected in Adams County stays in the county to help local cases, and the other half goes to the National Foundation for its great research work in finding better ways to fight the dread infantile paralysis.
